

WELCOME

Thank you for attending the Propane Gas Association of Canada's Alberta Seminar and Golf Tournament.

This year marks the 49th Anniversary of the Seminar and Golf Tournament. We are proud to present what will be a very informative and exciting experience. The Alberta Seminar has a rich history of technical excellence and industry support, and this year promises to continue that tradition.

The Golf Tournament on September 12, 2009, will again be hosted by the Kandleighters, who always put on a first class event. The Innisfail Golf & Country Club provides one of Alberta's finest golfing experiences. Accuracy is a must when navigating tight fairways winding through the rolling hills and heavily wooded areas. This is a great day to connect with industry members as well as reunite with our retirees.

James Esler,
Chairperson,
Alberta Seminar
Operations Manager,
AARCAM Propane &
Construction Heat Ltd.
