

PRESS RELEASE

Calgary, Alberta, Canada

February 1, 2010

Mr. S. (Sam) van Aken, Senior Vice President, Propane Marketing & Distribution for Gibson Energy ULC, is pleased to announce, effective February 1, 2010, Canwest Propane Partnership (a Gibson affiliate) has purchased all of the issued and outstanding shares of **Aarcam Propane & Construction Heat Ltd.**

Aarcam has been in business since 2005, providing propane equipment and delivery to the construction and cylinder sectors in Calgary and the surrounding area.

The purchased business consists of bulk delivery trucks, service trucks, over 500 tanks, 350 heaters and associated equipment, as well as land in a SE Calgary industrial park.

Canwest is a leader in the construction heat sector and the acquisition of Aarcam significantly enhances its presence in the Calgary marketplace.

Mr. Eric Wyatt, one of the former owners of Aarcam, will join Canwest as **Manager, Construction Heat**. In addition, Canwest welcomes six new employees from Aarcam who will work with current personnel to expand the company's presence in the construction and cylinder business. Over the next few months, Canwest's intention is to integrate all of Aarcam's operations with Canwest's existing Calgary Branch operations.

Gibson is a growth-oriented, profitable North American midstream oil and gas company with a balanced portfolio of businesses.

Canwest Propane – "Propane Solutions... Unparalleled Service"
